Quick learner
Can-do attitude
Multitasking

ADDITIONAL

High School Band: I played the flute in band for six years. Last year, I received an activities letter for taking part in our school's pep band as well.

Tutoring: I tutor four middle schoolers after school and help them with daily homework and any difficult concepts.

Students Against Destructive Decisions: I helped organize school events to persuade my peers to engage in positive decision making. As an officer, I signed off on any purchases made by the faculty advisor.
